

Christopher Soltis

Software Engineer

Atlanta, GA | (678) 378-4828

christophersoltis.net | github.com/cdsalty | [linkedin.com/in/christophersoltis](https://www.linkedin.com/in/christophersoltis) | soltiscd@gmail.com

A creative software engineer with the ability to pick up new languages and technologies as needed. Since an early age, I have always had a passion for technology and the possibilities that exist within it; now I am pursuing my dream. Prior to learning software development, I worked in healthcare for a start-up with ER Express. From ER Express, I was promoted to Implementation Director for the parent company, Apollo MD. These experiences, along with my passion for technology, I'm confident I have the skills necessary to be an asset as a web developer and business professional.

Software Development Skills

- HTML, CSS, JavaScript, jQuery, Python, MySQL, Node.js, Express, React, Bootstrap, Flexbox, AWS, GitHub, Adobe Photoshop, Adobe Premiere, Salesforce, EPIC, PQRS Reporting, Yammer, Trello, Word, Excel

Education

University of West Georgia, Concentration in Finance

August 1999 – May 2003

DigitalCrafts, Certificate in Software Engineering

November 2018 – March 2019

- Software engineering training program covering full-stack development including, but not limited to JavaScript, Python, including an emphasis on cutting-edge frameworks like React/Redux and server-side technologies including Node.js, Express, and MySQL.
